

Allyson Weimer

Company Instructor/Choreographer

Allyson has been dancing since the age of 3. During her years as a dancer, she danced competitively as a studio company member and also as a member of Carroll High School's varsity dance team. After graduating high school, she began her teaching career here at Tnco and is now going on her 10th year as an instructor. Allyson strives to not only give her dancers the best dance education possible, but to also create an environment that all dancers feel comfortable in. She feels the best part of her job is watching her dancers succeed, and be proud of their hard work and dedication. She looks forward to many more years of sharing her love of dance!
